Can you type a letter, but would like some help giving it a little sparkle? This is your chance! Using Microsoft Word 2007, library staff will assist you with basic formatting (paper size, margins, columns, bolding, italicizing, fancy fonts, text color, borders) and adding photos. Appointments are available both Wednesday and Thursday, so call 798-3881 and ask for Kris to reserve a time slot.

## GO BIG READ

**2011 Dane County Go  
Big Read Selection**

The selection for the annual **GO BIG READ** event is ***Enrique's Journey*** by Sonia Nazario

Nazario tells the story of Enrique's odyssey to find his mother, after she left him with family in Honduras to go to the U.S. to provide a better life for him. The story recounts Enrique's journey as he heads north, as do thousands of immigrant children, clinging to the tops and sides of freight trains.

**An Evening with Sonia Nazario**  
**Thursday, Oct. 27, 7:00 PM**  
**Varsity Hall, Union South**

This public presentation is free and open to all students/staff/community members. For more information, contact:

## GREEN TUESDAY

**Tuesday, November 1st, 6:30 PM**  
**Community Room**  
**Film: *Exporting Harm: The Hazards of E-Waste: The High-Tech Trashing of Asia***  
**Speaker: Ed Abel**

The eight most hazardous metals listed in the federal Resource Conservation and Recovery Act are arsenic, barium, cadmium, chromium, lead, mercury, selenium, and silver. Electronic waste contains all eight of these potentially hazardous materials. We are featuring the short documentary, *Exporting Harm: The High-Tech Trashing of Asia*, which shines a light on the huge quantities of hazardous electronic waste that are being exported to China, Pakistan, and India where they are processed in operations that are extremely harmful to human health and the environment. Following the film, speaker Ed Abel, will provide information about how to recycle electronics in a proper, ethical, and responsible way using a registered recycling service.

**\*\*Bonus: Bring your e-waste (computers, computer parts, LCD (thin flat panel) monitors, wires/cabling and printers only), and after the program, File 13 will collect and responsibly recycle them for free!**

Library Hours: Monday, Wednesday and Thursday: 9am-8pm, Tuesday & Friday 9am-5pm, Saturday 10am-2pm
