# ABOUT THE FRIENDS

The Friends of the Rosemary Garfoot Public Library is a community group with members from the village and surrounding areas. The Friends work with the library staff and library board to enhance and improve library service to the community.

Friends are people—people of all ages and from all walks of life—who believe the public library is a valuable asset in the development of their community; its culture, its citizenry and especially its youth.

The Friends of the Rosemary Garfoot Public Library encourage you to participate by becoming a member. You can make our library better by becoming a Friend.

## Interested in getting involved?

You can join the Friends at any time by filling out the membership form. Officers are elected at an annual meeting in the spring. Planning meetings are held throughout the year.
