

# Who are our Friends?

The Friends of the Rosemary Garfoot Public Library is a community support group with members from the village and surrounding areas. The Friends work with the library staff and library board to enhance and improve library services to the community.

Friends are people - people of all ages from all walks of life - who believe the public library is a valuable asset in the development of their community; it's culture, it's citizenry and especially its youth.

The Friends of the Rosemary Garfoot Public Library encourage you to participate by becoming a member. You can make our library better by becoming a Friend.

## Won't you join us?
